Dear Sir:

Responsive to the most recent notice, applicants ask that the current computer readable form and paper copy of the sequence listings be replaced by the attached.

With reference to the comments on the "Raw Sequence Listing Error Report," applicants have added "<223> n is undefined" to SEQ. ID. NO: 1, and changed 695 to 689 in SEQ. ID. NO: 8, line <222>. They see no evidence of invalid line lengths.

The undersigned hereby declares that, to the best of his knowledge, the computer readable form and paper copy thereof present information identical to each other and to information in the application as filed. No new matter is believed presented.

Respectfully submitted,

By
